

Annex 4 - Signalling process (Module 1)

Module 1 | Activity 2 | Signaling

1 IDENTIFICATION AND EVALUATION

How are individuals at risk of social isolation identified and assessed?

What tools and methods are used?

Which professionals are involved?

3 MONITORING

How is the monitoring and follow-up for each case conducted?

How is the process concluded?

2 PARTNERS AND REFERRAL

Which local partners are involved in addressing vulnerable situations, and how do they contribute to referrals?

How is communication managed between these partners?

What services or programs exist in your local community to foster social participation and interaction?

What role does each partner/professional play in this process?
